# **DETAILED INFORMATIONAL ITEMS:**

*YTD Eight-Month Financial Results, April 2019 (EBD #3.18)* - For the eight month period ending April 30th, ALA realized Total Revenues of \$29.2M, exceeding budget by over 2%. Although compared to the same period last year (FY18), Total Revenues were \$3.9M lower (-11.9%), compared to the most recent one Division conference year (FY17), FY19 revenues were higher by \$605k (2.1%.) Within Total ALA, the General Fund and Divisions lagged FY19 revenue projections by -7.1% and -4.6% respectively, but higher than projected revenue in the Endowment and Roundtables offset the revenue variances elsewhere. For the same period last year, revenues for the General Fund and Divisions missed projections by -3% and 0% respectively.

ALA expenses for the eight month period were \$34.3M, which was an unfavorable variance from budget of -3%. For the same period in FY2018, total ALA expenses were right on budget. With the exception of the General Fund (-2.6% over budget), actual expenses were lower than budget for all funds. As discussed in the General Fund section and in the Department Commentary, the unfavorable expense variance was primarily due to audio visual cost overruns from the Midwinter Meeting in Seattle.

Overall, ALA realized a net expense (or excess of expenses over revenues) of -\$5.1M for the 8 month period in FY 2019. This represented a larger net expense than the budgeted \$4.6M net expense by \$490k (10% worse than budget) for the period.

To summarize FY 19 financial status, we are anticipating a budget deficit of \$3.6 million. \$2.4 million is a planned deficit as part of the strategic investments in advocacy, development, and information technology. These planned initiatives are on track. \$1.2 million is an operational deficit caused by higher Midwinter AV costs, lower division overhead contributions, lower interest income, and lower publishing revenue.

Three-Year Investment Plan (EBD #3.19, 3.20, 3.21) - BARC and F&A reviewed the three year strategic investment plan including reports for ITTS, Advocacy, and Development. The three year financial plan is on track and beginning to show results with new positions and technology improvements. In addition, BARC and F&A reviewed summary reports for publishing, conference, and membership.

FY20 Budget (EBD #3.17/EDB #3.22) - As is customary between the Spring BARC meeting and the Annual Conference, ALA Unit Managers, in conjunction with Finance Office staff, continued to review their FY20 preliminary budgets and have made revenue and expense adjustments reflecting the most current information and decisions. Material changes are summarized in the table below. In aggregate, an additional \$415,000 of expense has been added since spring.
